TO BE WELCOMED AT FEDERAL PRISON

SEVENTEEN CONVICTED MEN TO BE PUT TO WORK ON STEEL CONSTRUCTION.

Leavenworth, Kas., June 27.—Everything at the federal prison here is ready for the seventeen defendants in the dynamite conspiracy case who were unsuccessful in securing new trials and for whom the president refused to intercede. There is an abundance of work for them to do, as it is the intention of the present administration to complete the prison and much steel work remains to be done. All of the seventeen, with the possible exception of Frank Ryan, will be put to work on the steel construction of the west cell building as soon as possible after their arrival. Ryan, because of his advanced age, will be assigned to clerical duty.

There now are only six of the original thirty-three alleged dynamiters, who were brought here from Indianapolis, Ind., on New Year's day, in 1913, behind the bars. These include Herbert S. Hockin, who declined to accept bond and is determined to serve his six years' sentence. All have been engaged at construction work except Hockin who seldom is allowed to come into contact with the other iron workers.

Several have been released on parole, while all the "year and a day" men have served their sentences and have been discharged. Whether the seventeen are returned together or individually, they will be taken directly to the office of Deputy Warden Fred Zerbst, where they will be "dressed in" and assigned to duty. Although it is thought some will arrive tomorrow, the majority will not put in appearance until later in the week.

GORE TO OPEN CAMPAIGN.

Blind Senator May Form Alliance With

"Bob" Williams, Is Rumor.
Bartlesville, Okla., June 27.—United States Senator T. P. Gore of Oklahoma will open his campaign here on Saturday, according to a telegram received from the blind senator today. Gore is coming back to Oklahoma to look after his candidacy, because Justice Hayes, who is candidate for the senatorial toga held by Gore, has been making such a vigorous campaign. While Senator Gore is expected to take an active part in the democratic gubernatorial fight, it is generally believed he favors the nomination of "Bob" Williams.

Hints of a Gore Williams alliance are heard and that Williams, who is a candidate for governor, will seek the senatorial toga now held by Senator Owen. Senator Owen also is coming to Oklahoma, but no intimation has been made by Owen leaders as to whom the senator favors for the democratic nomination for governor. The primary campaign promises to be one of the hottest in the history of Oklahoma.

Judge Hardy Commended.

"Judge Hardy will be an applicant for appointment to succeed Judge Williams when the latter resigns to make the race for governor, and will also be a candidate for the full term. Judge Hardy is one of the best and most favorably known jurists in Oklahoma, being popular both with the people and the bar. He has held court at Ada or several occasions and left a good record here, as everywhere else. He is a pioneer of Oklahoma and has grown up with the country, keeping himself fully abreast of the rapidly moving times that have characterized the development of this section. It is admitted on all sides that his candidacy will be a strong one, for his qualifications admit of no dispute."—Ada News.

"Judge Hardy is a gentleman who impresses us very much as being capable of ruling on the supreme bench, and we would think that he should not have very much difficulty in securing the nomination in the coming primary election. This was Judge Hardy's first visit to our city and met with much encouragement while here."—Spirito Tribune.

SCRIPTURE.

ECCLIESIASTES 1:2-11. Vanity, of vanities, saith the Preacher, vanity of vanities, all is vanity. What profit has a man of all his labour which he taketh under the sun?

One generation passeth away, and another generation cometh: but the earth abideth for ever. The sun also ariseth, and the sun goeth down, and hasteth to his place where he arose.

The wind goeth toward the south, and turneth about unto the north; it whirlleth about continually, and the wind returneth again according to his circuits.

All the rivers run into the sea; yet the sea is not full; unto the place from which the rivers come, thither they return again.

All things are full of labour; man cannot utter it: the eye is not satisfied with seeing, nor the ear filled with hearing.

The thing that hath been, it is that which shall be, and that which is done is that which shall be done; and there is no new thing under the sun. Is there any thing whereof it may be said, See, this is new? it hath been already of old time, which was before us.

There is no remembrance of former things; neither shall there be any remembrance of things that are to come with those that shall come after.
